MANOEUVRES UNDER

[Special to The Times-Dispatch.] Camp Harvey M. Dickson, Virginia

Beach, Va., July 7 .- A new and longto-be-remembered chapter in the his-tory of the Virginia volunteers was written here this afternoon, when the three infantry regiments in camp were reviewed by Governor A. O. Eberhart, of Minnesota, and his staff.

Accompanied by Mrs. Eberhart, four-teen members of his staff, many of whom followed their chief's example by bringing their wives along, Gov-ernor Eberhart arrived about 4 o'clock The Minnesotans were expected to take lunch with Brigadier-General Vaughan, but other plans had been made for them in Norfolk. The visitors were met at the car line by an escort of officers from brigade headquarters. Governor Eberhart was met at the edge of the camp by General Vaughan in his automobile. While the regiments were forming on their respective parade grounds the

visitors were shown the different points of interest about the camp, facing un-dismayed a battery of clicking cameras. Governor Eberhart and General F. B. Wood, adjutant-general of the Minnesota National Guard, spoke in high terms of praise of the natural beauty of the camp, saying Virginia's new camp site and rifle range were far superior to those of their State.

When the Virginia regiments were ready to march to the parade ground, a level piece of clover ground, south of the old Macon homestead, Governor Eberhart and his staff moved to their positions. Governor Eberhart and his adjutant-general were mounted, and accompanied by Lieutenant-Colonel Jo Lane Stern, inspector-general of Vir-ginia.
